Kathy Niese:you talied about a press release for college go week. will this be done in all of the regions

Corinna Vonderwell:I like the format and the time of the webinar. I would also like to have the powerpoint slides.

Nadine Pearson:Good idea to put ppt/script on website for viewing again or by someone who hasn't seen/heard it.

Nikki Hutchinson:Our high schools received the information and they are not choosing to do anything with it except pass out informaiton out to students. Staff has told us that they did not receive the information in timely manner to allow planning a collborarive effort that would promotoe College Go Week. They needed to have had the kits at the beginning of the school year in mid-August.

Konya:Good Morning all

Kathy Niese:Thank u for the info i love the webinar format!

Joyce Gray:Joyce Gray: Richmond High School Counselors already working on students for College Go Week and I'm getting the word out in my Community Teen Program. It's going well :)
