

New ScholarTrack

LAUNCHING FEBRUARY 2017

What is ScholarTrack?

ScholarTrack is the one-stop shop for Hoosiers' state financial aid needs. ScholarTrack guides students and families through the process of planning for, applying and maintaining their financial aid—beginning as early as middle school and continuing through college completion. For **21st Century Scholars**, the new ScholarTrack will replace your existing ScholarTrack account. For current **college students**, ScholarTrack will replace your eStudent account.

What's New?

New-and-improved **ScholarTrack** features for 2017 include:

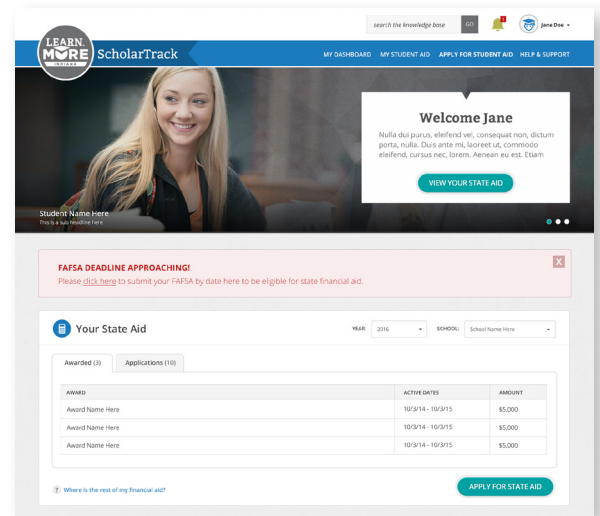

Everything in one place... at **ScholarTrack.IN.gov** with a single login and real-time data that ensures financial aid information is always up to date.

Easier for students & families... with a **mobile-friendly design** and a **simplified application** that determines aid eligibility with a few questions.

Easier for schools & colleges... with **on-demand reporting** and **real-time data** that helps school counselors and college advisors keep their students on track.

Safe and secure... with the latest **Internet security** measures and back-up systems that keep your student information protected.

Stay on track... to pay for college with the **Scholar Success Program**, a required set of activities for 21st Century Scholars that are recommended for all Hoosier students.

What's Next?

Additional features planned for the **2017-2018** school year include:

Expanded access to ScholarTrack for all students (regardless of family income) beginning in 7th grade—helping more students complete the Scholar Success Program and ensuring they apply for financial aid beginning as high school seniors.

Streamlined connections to other state resources, including the **Indiana Career Explorer**, that support college and career readiness.

Simplified College Costs Calculator to help Hoosier families find the most affordable option to reach their education and career goals.
