## Career Survey & Venn Diagram Activity

Complete the questionnaire for two careers you find interesting. You could interview two adults or do your own research. Then use the Venn diagram on the following page to compare and contrast your choices.

	Career #1:	Career #2:
<b>What education is required for this job?</b> (i.e. associate degree, apprenticeship, bachelor's, etc.)		
<b>Which of your current school subjects relate to this job?</b>		
<b>With whom do people in this job work?</b> (i.e. other people, customers, animals, children, alone, etc.)		
<b>What do people with this job wear to work?</b>		
<b>What is your favorite thing about this career?</b>		
<b>What is your least favorite thing about this career?</b>		
<b>Do you work indoors, outdoors, or both?</b>		
<b>What are typical work hours?</b>

## Career Survey & Venn Diagram Activity

Use your answers to the career survey to fill out the Venn diagram below. On the left side, list all the characteristics of Career #1 that do not match with any characteristics of Career #2. In the overlapping section, write characteristics that match both Career #1 and #2. On the right side, list all the characteristics that match only with Career #2.

Characteristics that appear in the overlapping section might be things that are most important to you as you prepare for a career. What are they? Which characteristics are most important to you?

**Career #1**

**Career #2**
